EDUCATION

SRM Institute of Science and Technology — Kattankulathur, Chennai	2023 – 2027
B.Tech, Computer Science and Engineering · CGPA 8.74/10	
Minor in Data Science (ongoing)	Feb 2026 – Present
Loyola School — Jamshedpur	
ISC, Class XII · 91%	2023
ICSE, Class X · 91%	2020

EXPERIENCE

AWS Cloud Club — Digital Design Lead	Chennai, India · Apr 2026 – Present
<i>Part-Time</i>	
D Hub Technologies — Software Intern	Feb 2026 – Apr 2026
• Led end-to-end delivery of two features, Deals and Community, from planning through deployment • Designed custom icon sets adopted company-wide, improving UI consistency • Built and optimized application screens across web and mobile for performance and UX • Tested web and mobile builds pre-release, identifying and resolving bugs • Supported documentation and side projects, ensuring workflow clarity across cross-functional tasks • Strengthened full-stack development, UI/UX thinking, and collaborative product-building skills	
Alexa Developers SRM — Business Member	Chennai, India · Jul 2025 – Jul 2026
<i>Part-Time</i>	
RSB Global — Intern	Jamshedpur, India · Jul 2025 – Aug 2025
• Built a network-based System Monitor tracking system health, availability, and performance • Designed a Visitor Management System covering registration, badging, and real-time entry tracking • Developed an interactive Production Metrics Dashboard for live insight and faster decisions • Strengthened full-stack development, database, UI/UX, and real-time visualization skills across all three projects	
TATA Steel — Data Analyst Intern	Jamshedpur, India · May 2025 – Jul 2025
• Analyzed and modeled internal datasets in Excel across multiple projects • Built Tableau visualizations to communicate findings to stakeholders • Collaborated with industry experts to validate analysis and approach	

PROJECTS

APMS 3.0 — Decentralized Smart Parking Management System

Flask · Computer Vision · Machine Learning · Blockchain · IoT · Geolocation

- Combined Edge AI and IoT for low-latency, decentralized parking operations
- Built a Flask–SQLite backend for vehicle management, billing, and real-time parking-slot tracking
- Built FASTag (RFID) authentication and OpenCV-based occupancy detection for contactless entry
- Applied Federated Learning for privacy-preserving license-plate recognition, keeping data on-device
- Designed a Multi-Agent Reinforcement Learning model for demand-based dynamic pricing
- Built a blockchain-backed billing system (SHA-256) for tamper-proof transaction records
- Integrated V2X geofencing and Leaflet.js for real-time parking-slot allocation and navigation
- Optimized edge inference, cutting latency 73% (45ms → 12ms)

Visitor Management System

MERN · Docker

- Built guest registration and tracking with QR-code-based entry passes
- Designed a real-time dashboard for scheduled and active visitor monitoring
- Integrated badge printing and WhatsApp notifications into the check-in flow
- Enhanced security and efficiency by digitizing visitor logs and reducing manual effort

VoltTrack — Electricity Billing System

Python · Flask · MySQL

- Built a Flask–MySQL backend with full CRUD for customer and billing data
- Integrated payment processing and automated PDF receipts via ReportLab
- Added search and reporting tools for billing management
- Improved accuracy and transparency by automating manual electricity-bill workflows

Portfolio Website — krishgohel.dev

Next.js · TypeScript · Tailwind CSS · Framer Motion

- Designed and built a personal site spanning software, data, design, and music
- Built a custom data-visualization gallery and an interactive typographic hero
- Implemented an independent color-palette / design-mode theme engine

Jan 2026 – Apr 2026

Jul 2025 – Aug 2025

Jan 2025 – Apr 2025

2025, redesigned 2026

SKILLS

Languages	Python, Java, C/C++, HTML, CSS
Frameworks & Stacks	MERN, Flask, Next.js
Data & ML	Tableau, Jupyter Notebook, Federated Learning, Reinforcement Learning
Tools	Docker, Git, Figma
Also Familiar	EasyEDA, AutoCAD, Cisco Packet Tracer

VOLUNTEERING

Rotary Club, Jamshedpur

Volunteer, Community Development

- Volunteered with an NGO focused on community welfare and healthcare support
- Assisted in building an operation theater to improve hospital facilities
- Helped install public water access points outside local courts
- Contributed to grassroots initiatives aimed at improving public infrastructure

Lions Club, Jamshedpur

Volunteer, Community Outreach

- Volunteered with an NGO supporting autistic and underprivileged children
- Assisted with educational activities tailored to their learning needs
- Helped create an inclusive, engaging environment for the children
- Gained hands-on experience in empathy, patience, and community service

Jun – Jul 2025

May – Jun 2025

LANGUAGES

English, Hindi, Gujarati — Native
German — Elementary
